Case Status Online Now Available for Form I-600A, Form I-600, Form I-600A/I-600 Supplement 3, Form I-800A, Form I-800, and Form I-800A Supplement 3

On July 1, 2024, U.S. Citizenship and Immigration Services expanded the [Case Status Online](#) tool to allow intercountry adoption applicants, petitioners, and their attorneys or accredited representatives, to check their case status online. This expansion applies to:

- [Form I-600A, Application for Advance Processing of an Orphan Petition](#);
- [Form I-600, Petition to Classify Orphan as an Immediate Relative](#);
- [Form I-600A/I-600 Supplement 3 \(Request for Action on Approved Form I-600A/I-600\)](#);
- [Form I-800A, Application for Determination of Suitability to Adopt a Child from a Convention Country](#);
- [Form I-800, Petition to Classify Convention Adoptee as an Immediate Relative](#); and
- [Form I-800A Supplement 3 \(Request for Action on Approved Form I-800A\)](#).

Individuals can now use the [Case Status Online](#) tool to check the status of cases filed using these forms, without needing to call or email USCIS. This case status

online tool includes the most recent information on a case, including the issuance of a USCIS notice, receipt of a notice response, or issuance of a final decision. To check the status of one of these forms using the [Case Status Online](#) tool, enter a valid receipt number for the form. The receipt number is a unique 13-character identifier that consists of three letters and 10 numbers.

Previously, intercountry adoption stakeholders could only check case status information by contacting the [Adoption Unit](#) at USCIS' National Benefits Center. You may still contact the Adoption Unit, but the [Case Status Online](#) tool may be faster and more efficient. Using the [Case Status Online](#) tool also reduces the volume of requests to the Adoption Unit, allowing USCIS to dedicate more time to case processing.

We encourage you to visit [USCIS.gov](#) for many other helpful [tools](#), including our [Processing Times](#) and [Adoption](#) landing pages.
