Statement from Homeland Security Secretary Janet Napolitano on Temporary Protected Status (TPS) for Haitian Nationals

Release Date: January 15, 2010

For Immediate Release
Office of the Press Secretary
Contact: 202-282-8010

"As part of the Department's ongoing efforts to assist Haiti following Tuesday's devastating earthquake, I am announcing the designation of Temporary Protected Status (TPS) for Haitian nationals who were in the United States as of January 12, 2010. This is a disaster of historic proportions and this designation will allow eligible Haitian nationals in the United States to continue living and working in our country for the next 18 months. Providing a temporary refuge for Haitian nationals who are currently in the United States and whose personal safety would be endangered by returning to Haiti is part of this Administration's continuing efforts to support Haiti's recovery."

"At this moment of tragedy in Haiti it is tempting for people suffering in the aftermath of the earthquake to seek refuge elsewhere. But attempting to leave Haiti now will only bring more hardship to the Haitian people and nation. The international community has rallied to deliver relief to Haiti. Much has already arrived and much more is on its way. The Haitians are resilient and determined and their role in addressing this crisis in their homeland will be essential to Haiti's future."

"It is important to note that TPS will apply only to those individuals who were in the United States as of January 12, 2010. Those who attempt to travel to the United States after January 12, 2010 will not be eligible for TPS and will be repatriated."

"The Department of Homeland Security continues to extend sympathy to our Haitian neighbors and support the worldwide relief effort underway in every way we can. Four Coast Guard cutters have arrived in Haiti, in addition to a variety of Coast Guard assets that were already in the area to support military air traffic control, conduct damage assessments and rescue people in need of assistance. The Federal Emergency Management Agency (FEMA) continues to work closely with the U.S. Agency for International Development (USAID) and the State Department - the lead U.S. federal agencies in the response - while coordinating the deployment of state and local Urban Search and Rescue Teams from across the country to Haiti and standing by to provide food, water and other resources as requested. U.S. Customs and Border Protection (CBP) has provided aircraft to support response efforts."

"Haitians in the U.S. who are eligible to apply for TPS should go to <http://www.uscis.gov/> or call USCIS toll-free at (800) 375-5283."

Designation of Haiti for Temporary Protected Status

AGENCY: U.S. Citizenship and Immigration Services, DHS.

ACTION: Notice.

SUMMARY: The Department of Homeland Security announces that the Secretary of Homeland Security (Secretary) has designated Haiti for temporary protected status (TPS) for a period of 18 months. Under section 244(b)(1) of the Immigration and Nationality Act, the Secretary is authorized to designate a foreign state for TPS or parts of such state upon finding that such state is experiencing ongoing armed conflict, an environmental disaster, or "extraordinary and temporary conditions." The Secretary may grant TPS to individual nationals of the designated foreign state (or to eligible aliens having no nationality who last habitually resided in such state) who have been both continuously physically present in the United States since the effective date of the designation and continually residing in the United States since a date determined by the Secretary, and who meet other eligibility criteria. TPS is available only to persons who were continuously physically present in the United States as of the effective date of the designation.

Under this designation, Haitian nationals (and aliens having no nationality who last habitually resided in Haiti) who have continuously resided in the United States since January 12, 2010, and who remain in continual physical presence in the United States from the effective date of the notice, may apply for TPS within the 180-day registration period that begins on the date of publication of the notice. These nationals also may apply for employment authorization documents and for permission to depart from and return to the United States.

This notice also sets forth procedures necessary for nationals of Haiti (or aliens having no nationality who last habitually resided in Haiti) to register and to apply for TPS and employment authorization documents with U.S. Citizenship and Immigration Services.

DATES: This designation of Haiti for TPS is effective on January 21, 2010, and will remain in effect through July 22, 2011. The 180-day registration period for eligible individuals to submit their TPS applications begins January 21, 2010, and will remain in effect until July 20, 2010.

What Is Temporary Protected Status?

TPS is a temporary immigration status granted to eligible nationals of a country (or to persons without nationality who last habitually resided in the designated country) that the Secretary has designated for TPS because the country is experiencing an ongoing armed conflict, an environmental disaster, or extraordinary and temporary conditions. During the period for which the Secretary has designated a country for TPS, TPS beneficiaries are eligible to remain in the United States and may

obtain work authorization, so long as they continue to meet the terms and conditions of their TPS status. The granting of TPS is available only to persons who were continuously physically present in the United States as of the effective date of this designation and does not lead to permanent resident status.

When the Secretary terminates a country's TPS designation, beneficiaries return to the same immigration status they maintained before TPS (unless that status has since expired or been terminated) or to any other status they may have obtained while registered for TPS.

What Authority Does the Secretary of Homeland Security Have To Designate Haiti for TPS?

The Immigration and Nationality Act (INA), authorizes the Secretary, after consultation with appropriate agencies of the government, to designate a foreign State (or part thereof) for TPS.¹ One of the bases for TPS designation is "there exist extraordinary and temporary conditions in the foreign state that prevent aliens who are nationals of the state from returning to the state in safety, *unless* [she] finds that permitting the aliens to remain temporarily in the United States is contrary to the national interest of the United States." INA section 244(b)(1)(C) (emphasis added); 8 U.S.C. 1254a(b)(1)(C). The Secretary has determined, after consulting with the Department of State (DOS) and other government agencies, that there exists in Haiti "extraordinary and temporary conditions," preventing Haitian nationals from returning to Haiti in safety and that permitting eligible Haitian nationals to remain temporarily in the United States would not be contrary to the national interest.

Following the designation of a country for TPS, the Secretary may grant TPS to eligible nationals of that foreign State (or aliens having no nationality who last habitually resided in that State) who have been both continually physically present in the United States since the effective date of the notice and continually residing in the United States since a date determined by the Secretary, and who meet all other eligibility criteria. INA section 244(a)(1)(A) and (c); 8 U.S.C.

1254a(a)(1)(A) and (c). Persons convicted of any felony, or two or more misdemeanors, committed in the United States are ineligible for TPS. Applicants may also be ineligible if one of the bars to asylum eligibility applies. *Id.* at section 244(c)(2)(B)(i-ii).

Why Is the Secretary Designating Haiti for TPS?

On January 12, 2010, Haiti was struck by a 7.0-magnitude earthquake. DHS and DOS have conducted an initial review of the conditions in Haiti following the earthquake. Based on this review, the Secretary has determined to designate Haiti for TPS for 18-months pursuant to section 244(b)(1)(C) of the INA for reasons discussed below. The Department of State concurs in the designation of Haiti for a period of 18 months.

The epicenter of the earthquake was off the coast of Haiti, and only 17 km from the capital, Port-au-Prince, an area where some three million of the nation's nine million residents reside. Aftershocks have been measured at 5.9 and 5.5 respectively, and more aftershocks are expected.

Reports indicate that the earthquake destroyed most of the capital city. Initial estimates indicate that the death toll is substantial. The International Red Cross indicates that about three million people—one-third of Haiti's population—have been affected by the earthquake.

Reports also indicate that concrete homes have collapsed and hospitals are overflowing with victims. The Presidential Palace, the Ministry of Justice, Parliament, the tax office and other government buildings, as well as the United Nations headquarters, and the World Bank offices are among the buildings reported to be destroyed or damaged. Hospitals and schools have been destroyed. The Ministry of Public Works and the Ministry of Communication and Culture have also been damaged.

The country's critical infrastructure, including its capacity for the provision of electricity, water, and telephone services, has been severely affected. Food and water are increasingly scarce. Fuel shortages are emerging as an immediate concern.

There is limited access to the capital city. Roads are blocked by debris and other obstacles, and the collapse of the Croix de Mission Bridge has cut off a major artery between Port-au-Prince and the northern part of the country, making it more difficult to transport food, fresh water, and medical supplies. Haiti's main airport in Port-au-Prince, Toussaint L'Ouverture International

Airport, also has suffered significant damage that is hindering access to the country.

Haiti has limited resources to cope with a natural disaster, and now has been struck by its strongest earthquake in 200 years. Although a number of organizations and countries have pledged humanitarian aid, the magnitude of the disaster is substantial.

Given the size of the destruction and humanitarian challenges, there clearly exist extraordinary and temporary conditions preventing Haitian nationals from returning to Haiti in safety. Moreover, allowing eligible Haitian nationals to remain temporarily in the United States, as an important complement to the U.S. government's wider disaster relief and humanitarian aid response underway on the ground in Haiti, would not be contrary to the public interest.

DHS estimates that there are 100,000 to 200,000 nationals of Haiti (or otherwise eligible aliens having no nationality who last habitually resided in Haiti) who are eligible for TPS under this designation.

Designation of Haiti for TPS

Based upon these unique, specific, and extreme factors, the Secretary has determined, after consultation with the appropriate Government agencies, that there exist extraordinary and temporary conditions in Haiti preventing aliens who are nationals of Haiti from returning to Haiti in safety. The Secretary further finds that it is not contrary to the national interest of the United States to permit Haitian nationals (or aliens having no nationality who last habitually resided in Haiti) who meet the eligibility requirements of TPS to remain in the United States temporarily. See INA section 244(b)(1)(C); 8 U.S.C. 1254a(b)(1)(C). On the basis of these findings and determinations, the Secretary concludes that Haiti should be designated for TPS for an 18-month period. See INA section 244(b)(2)(B); 8 U.S.C. 1254a(b)(2)(B).

Nationals of Haiti (and aliens having no nationality who last habitually resided in Haiti) who have been "continuously physically present" in the United States since January 21, 2010 and have "continuously resided" in the United States since January 12, 2010, may apply for TPS within the registration period that begins on January 21, 2010 and ends on July 20, 2010. Except as specifically provided in this notice, applications for TPS by nationals of Haiti (and aliens having no nationality who last habitually resided in Haiti) must be filed pursuant to the

¹ As of March 1, 2003, in accordance with section 1517 of title XV of the Homeland Security Act of 2002 (HSA), Public Law No. 107-296, 116 Stat. 2135, any reference to the Attorney General in a provision of the Immigration and Nationality Act describing functions transferred under the HSA from the Department of Justice to the Department of Homeland Security "shall be deemed to refer to the Secretary" of Homeland Security. NOTE: This revision of Form I-821 updates instructions required for TPS registration and re-registration at questions 2, 7, 8, 9, 10, 11, 12, 13 and 16 on Pages 2 and 3. Information on fees and fee waiver requests has also been updated in these instructions.

Please read these instructions carefully to properly complete this form. If you need more space to answer a question, use a separate sheet(s) of paper. Write your name and Alien Registration Number (A#) at the top of each sheet and indicate the number of the item to which the answer refers. An incomplete application may be returned to you, causing a delay in the processing of your application.

1. Who May File for TPS?

You must be an eligible national of a foreign state (or parts thereof) or an alien having no nationality who last habitually resided in a foreign state that has been designated for Temporary Protected Status (TPS) by the Secretary of the Department of Homeland Security pursuant to section 244A of the Immigration and Nationality Act. You should check with the nearest office of USCIS for designations currently in force or visit our website at www.uscis.gov.

2. What Documents Should You Submit?

You do not need to provide original documents with this application.

- B. Copies of documents in a foreign language must be accompanied by an English translation. The translator must certify that the translation is accurate and that he or she is competent to translate the foreign language into English.
- C. **Documentation exception:** If you are filing this application for re-registration, or renewal of temporary treatment benefits (**Parts 1 and 2** on Form I-821), you do not have to submit any copies of documentation. You may, however, be asked for additional information and/or documentation in certain circumstances.

Affidavits may also be used to help prove your date of entry into the United States and residence in the United States.

7. Will TPS Applicants Need to Provide Fingerprints and Photographs?

- Yes, except as noted below, all applicants for initial registration, re-registration, or renewal of temporary treatment benefits must provide fingerprints, photographs, and signatures, which are biometrics. Applicants must submit the \$80 biometrics services fee or a fee waiver request in accordance with 8 CFR 244.20. Please see No. 12 for information about fee waiver requests.
- TPS applicants under 14 years of age who are not filing for an EAD are exempt from biometrics collection and the associated biometrics fee.
- USCIS may, in its discretion, waive the collection of certain biometrics.
- TPS applicants will be sent a notice scheduling them to appear at an Application Support Center (ASC) for biometrics collection. Failure to comply with this notice may result in the denial of the TPS application.

- C. Answer all questions fully and accurately. If any item does not apply, please write "N/A."

9. Where Should You File This Form?

For filing instructions, refer to the most recently published Federal Register notice specific to the designation under which you are applying. You may also check the USCIS Internet site at: www.uscis.gov or contact the USCIS National Customer Service Center at 1-800-375-5283.

10. What Is the Fee?

- A. An initial (i.e., first-time) applicant must submit:
1. A \$50 application fee for Form I-821; and
 2. A \$80 fee for biometric services, including fingerprints, photograph, and signature, if required. (See No. 7, Will TPS Applicants Need to Provide Fingerprints and Photographs?); and
 3. A \$340 fee for Form I-765, Application for Employment Authorization, if you are between the ages of 14 and 65 (inclusive) and seeking employment.
- B. An applicant for TPS re-registration or renewal of temporary treatment benefits must submit:
1. A \$80 fee for biometric services, including fingerprints, photograph, and signature, if required. (See No. 7, Will TPS Applicants Need to Provide Fingerprints and Photographs?); and
 2. A \$340 fee for Form I-765, Application for Employment Authorization, if you wish to apply for employment authorization, regardless of age.
- C. The fee must be submitted in the exact amount. It cannot be refunded. **Do Not Mail Cash.** All checks and money orders must be drawn on a bank or other institution located in the United States and must be payable in United States currency. Please assure that if a check or money order is drawn on the account of a person other than yourself, your name appears in the lower left corner on the face of the check or money order. If the check is not honored, USCIS will charge you \$30.

Make the check or money order payable to the **Department of Homeland Security**, except:

1. If you live in Guam and are filing your application there, make the check or money order payable to "Treasurer, Guam"; or
2. If you live in the U.S. Virgin Islands and you are filing your application there, make the check or money order payable to "Commissioner of Finance of the Virgin Islands."

NOTE: When preparing a check or money order, spell out Department of Homeland Security. Do not use the initials "USDHS" or "DHS."

How to Check If the Fees Are Correct

The fees on this form are current as of the edition date appearing in the lower right corner of this page. However, because USCIS fees change periodically, you can verify if the fees are correct by following one of the steps below:

- Visit our website at www.uscis.gov, link to "Immigration Forms," and scroll down to check the appropriate fees by form; or
- Review the Fee Schedule included in your form package, if you called us to request the form; or
- Telephone our National Customer Service Center at **1-800-375-5283** and ask for the fee information.

NOTE: If your petition or application requires a biometric services fee for USCIS to take your fingerprints, photograph or signature, you can use the same procedure above to confirm the biometrics fee.

11. Are You Also Required to File Form I-765, Application for Employment Authorization?

Yes. Each applicant, regardless of age, must also submit a completed Form I-765, even if employment authorization is not being requested. As noted in No. 10, What is the Fee?, only those applicants requesting employment authorization must pay the fee for Form I-765.

NOTE: An Employment Authorization Document is not a travel document. If your application for TPS is granted and you must travel outside the United States and return, you must request advanced parole from USCIS by filing a Form I-131, Application for Travel Document, with the appropriate USCIS office. A Form I-512 travel document will be issued to you if your request is granted.

12. May the Filing and Biometrics Fees for Forms I-821 and I-765 Be Waived?

Yes. If you are unable to pay the filing and biometrics fees, 8 CFR 103.7(c) states that you may apply for a waiver of fees. In order to obtain a fee waiver, you must submit with these forms a written statement, made under oath, affirmation, or pursuant to 28 USC 1746, under penalty of perjury. In the written statement you must state that you believe you are eligible for TPS and that you want the fees waived. You must also explain why you are unable to pay the required fees. Additional details on the waiver of the TPS fees are at 8 CFR 244.20.

13. What If I Change My Address?

If you change your address after filing for TPS, you must complete and mail us a Form AR-11, Alien's Change of Address Card. Mail the completed form to the address specified on the form. You are also advised to mail a copy of your completed AR-11 together with copies of your application and any related USCIS documents or correspondence to the USCIS office having jurisdiction over your application for TPS. Retain a copy of your Form AR-11 for your records. You can also file your AR-11 online. To do so, visit our website at www.uscis.gov, link to Immigration Forms, and click "Online Change of Address" in Related Links.

NOTE: If you informed your U.S. Post Office but not USCIS about your address change, please be advised that notifying the U.S. Post Office of a change of address does not fulfill your obligation to file Form AR-11. The U.S. Post Office will not forward certain USCIS correspondence.

14. What Is Our Authority for Collecting This Information?

We request the information on the form to carry out the immigration laws contained in Title 8, United States Code, Section 1154(a). We need this information to determine whether you are eligible for immigration benefits.

The information you provide may also be disclosed to other Federal, State, local, and foreign law enforcement and regulatory agencies. You do not have to give this information. However, if you do not give some or all of the requested information, your application may be denied.

15. Do You Need USCIS Forms or Information?

To order USCIS forms, call our toll-free forms line at **1-800-870-3676**. You can also get USCIS forms and information on immigration laws, regulations, or procedures by calling our National Customer Service Center at **1-800-375-5283** or visiting our Internet website at www.uscis.gov.

16. Reporting Burden

Under the Paperwork Reduction Act, an agency may not conduct or sponsor an information collection, and a person is not required to respond to an information collection unless it displays a currently valid OMB control number.

We try to create forms and instructions that are accurate, can easily be understood, and impose the least possible burden on you to provide us with information. Often this is difficult because some immigration laws are very complex.

The estimated average time to complete this application is 1 hour and 30 minutes computed as follows: 1) learning about the form and understanding the instructions, 30 minutes; 2) collecting the necessary supporting documents, 15 minutes; 3) completing the form, 15 minutes; and 4) traveling to and waiting at a preparer's office (e.g., attorney or voluntary agency), 30 minutes.

If you have comments regarding the accuracy of this estimate, or suggestions for making this form simpler, you can write to the U.S. Citizenship and Immigration Services, Regulatory Management Division 111 Massachusetts Avenue N.W., 3rd Floor, Suite 3008, Washington, DC 20529; OMB No. 1615-0043. **Do not mail your completed application to this address.**

Subject: Reminder: Review of Haitian nationals currently detained for possible release on OS or OR

Importance: High

This message is being sent on behalf of [REDACTED] b6,b7c, Assistant Director for Detention and Removal Management, and approved by [REDACTED] b6, b7c Assistant Director for Field Operations:

To: Field Office Directors and Deputy Field Office Directors

Subject: Review of Haitian nationals currently detained for possible release on an Order of Supervision or Order of Own Recognizance

On January 12, 2010, a 7.0 magnitude earthquake in Haiti resulted in the loss of many lives and significant damage to infrastructure. On January 15, 2010, Department of Homeland Security Secretary Janet Napolitano announced the designation of Temporary Protected Status (TPS) for Haitian nationals who were in the United States as of January 12, 2010. As the attached document titled "Haiti Release Paper" explains, the Office of Detention and Removal Operations (DRO) has been asked to review the custodial status of its detained Haitian population and assess whether or not further custody of those individuals remains warranted.

In light of the possibility of TPS for some Haitians currently in ICE custody, field offices must review the cases in their area of responsibility and consider whether release is appropriate. As a general matter, Haitian nationals who are not precluded from qualifying for TPS as a result of criminal convictions or other factors should be released from custody, absent a national security risk, history of human rights violations, danger to the community, gang affiliation, medical or mental health conditions affecting the viability of release, and any other such relevant factors.

Similarly, Haitian nationals who appear to be eligible for TPS should not be supervised pursuant to the Alternatives to Detention (ATD) program. In addition, non-detained, non-criminal, and non-dangerous Haitian nationals who appear to be eligible for TPS and are currently supervised on forms of ATD should no longer be supervised through the ATD program. However, officers shall take steps to ensure awareness of the addresses and intended residences of all Haitian nationals granted TPS in order to enforce any final orders of removal when the TPS period expires.

Given the operational impediments to releasing all TPS-eligible Haitian nationals at once, ICE will prioritize the release of Haitian nationals in the first category below, followed by Haitian nationals in the second and third categories.

1. Non-criminal Haitian nationals who are subject to final orders of removal—with priority to those with the longest length of stay in ICE custody, to include those cases still in the statutory “removal period.” However, any individuals in this category who have been found either inadmissible under section 212(a)(3)(B) of the Immigration and Nationality Act (INA) or deportable under INA § 237(a)(4)(B) shall not be released under this guidance.
2. Non-criminal Haitian nationals who are not subject to final orders of removal—with priority to those with the longest length of stay in ICE custody. However, any individuals subject to mandatory detention under INA § 236(c) for having committed but not convicted of certain offenses should not be released pursuant to this guidance. Additionally, cases described in INA §§ 212(a)(3) and 237 (a)(4) shall not be released under this guidance.
3. Haitian nationals with criminal convictions that do not render them statutorily ineligible for TPS. However, any individuals subject to mandatory detention under INA § 236(c) for having committed but not convicted of certain offenses should not be released pursuant to this guidance. Additionally, cases described in INA §§ 212(a)(3) and 237 (a)(4) shall not be released under this guidance.

While not an exclusive list, the following key factors must be considered when making release decisions:

- A) Whether the individuals pose a threat to themselves and/or the community, such as gang affiliation, human rights violators, and violent offenders;
- B) Whether the individual has any medical issues or concerns for him/herself or immediate family members;
- C) Whether the individual has family ties and support in the United States;
- D) Whether the individual has a last known address and/or likely abode upon release; and
- E) Whether the individual has any equities in the United States, including, but not limited to, property ownership and eligibility for employment.

According to ICE records, as of January 19, 2010, attached is a list of all 487 detained Haitian nationals. The Administrative file (A-File) for each case must be reviewed, as EARM may not be updated to include an individual’s criminal charge(s) and final order date. DRO field offices must conduct their individual case reviews in consultation with the local Offices of Chief Counsel (OCC) and work together to assess whether Haitian nationals in custody are statutorily eligible for TPS and for release. Criminal Haitian nationals eligible for release will be subject to placement into an Alternatives to Detention (ATD) program in accordance with current ATD guidance regarding placement, enrollment, and the type and level of supervision imposed. Non-criminal Haitian nationals will not be placed into an ATD program.

Until further notice, the above-referenced factors (labeled A-E) should be considered when making initial custody determinations for any new Haitian nationals who are placed into removal proceedings and have established a prima facie eligibility for TPS. Accordingly, the detention priorities for any Haitian nationals who arrived prior to January 12, 2010 and are initially encountered after this guidance is disseminated should be handled in the reverse order. As such, DRO would prioritize the detention of criminal Haitian nationals who do not have final orders of removal first. Non-criminal Haitian nationals who are subject to final orders of removal (absent any mandatory detention requirements) would be prioritized last. In the event of a mass migration declaration made by the President of the United States, Haitian nationals encountered after the date of the formal declaration shall be detained until removed.

ICE will detain and pursue the removal of any Haitian nationals who arrive in the United States after January 12, 2010, without lawful authority to enter or remain in the United States; and ICE will continue to detain and pursue the removal of Haitian nationals who are ineligible for TPS—recognizing the need to work closely with the Government of Haiti and likelihood of logistical impediments in the near term. If these impediments remain, additional guidance will be issued.

This policy and statement of priorities and the decisions made as a result are not intended to, do not, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law by any party in any administrative, civil, or criminal matter.

You are hereby directed to review all cases and initiate releases as outlined above by COB, Wednesday, February 3, 2010.

If you have any questions, please contact [REDACTED], Deputy Assistant Director, Removal Management Division at (202) 732-[REDACTED].

Reevaluating the Custody Status of Haitian Nationals

On January 12, 2010, a 7.0 magnitude earthquake in Haiti resulted in the loss of many lives and significant damage to infrastructure. As a result, on January 13, 2010, ICE temporarily suspended all removals to Haiti.¹ On January 15, 2010, Secretary Napolitano announced the designation of Temporary Protected Status (TPS) for Haitian nationals who were in the United States as of January 12, 2010.

ICE will detain and pursue removal of Haitian nationals who arrive after January 12, 2010, and lack lawful status. In addition, ICE will reevaluate the custody status of Haitian nationals who are likely eligible for TPS and resume removals of Haitian nationals who are ineligible for TPS—recognizing the need to work closely with the Government of Haiti and likelihood of logistical impediments in the near term. In the event the logistical impediments remain for an extended period, additional guidance will be issued.

I. Reevaluating the Custody Status of Haitian Nationals

As of January 11, 2010, 528 Haitian nationals were in ICE custody, including 124 criminal aliens and 36 non-criminal aliens with final orders and 294 criminals and 74 non-criminal aliens not subject to a final order and in some form of proceeding. Additional information about the population of Haitian nationals in detention follows in Appendix A. In light of the possibility of TPS for some Haitians currently in our custody, field offices must review the cases in their area of responsibility and consider whether release is appropriate.

As a general matter, Haitian nationals who are not precluded from qualifying for TPS as a result of criminal convictions or other factors should be released from custody, absent a national security risk, history of human rights violations, danger to the community, gang affiliation, medical or mental health conditions affecting the viability of release, and any other such relevant factors. Similarly, Haitian nationals who appear to be eligible for TPS should not be supervised pursuant to the Alternatives to Detention (ATD) program. In addition, non-detained, non-criminal, and non-dangerous Haitian nationals who appear to be eligible for TPS and are currently supervised on forms of ATD should no longer be supervised through the ATD program. However, officers shall take steps to ensure awareness of the addresses and intended residences of all Haitian nationals granted TPS in order to enforce any final orders of removal when the TPS period expires.

Given the operational impediments to releasing all TPS-eligible Haitian nationals at once, ICE will prioritize the release of Haitian nationals in the first category below, followed by Haitian nationals in the second and third categories.

¹During August and September of 2008, Hurricanes Gustav and Ike struck Haiti. Following those hurricanes, removals to Haiti slowed substantially and almost exclusively involved Haitians with criminal convictions.

1. Non-criminal Haitian nationals who are subject to final orders of removal—with priority to those with the longest length of stay in ICE custody, to include those cases still in the statutory “removal period.” However, any individuals in this category who have been found either inadmissible under section 212(a)(3)(B) of the Immigration and Nationality Act (INA) or deportable under INA § 237(a)(4)(B) shall not be released under this guidance.
2. Non-criminal Haitian nationals who are not subject to final orders of removal—with priority to those with the longest length of stay in ICE custody. However, any individuals subject to mandatory detention under INA § 236(c) for having committed but not convicted of certain offenses should not be released pursuant to this guidance. Additionally, cases described in INA §§ 212(a)(3) and 237 (a)(4) shall not be released under this guidance.
3. Haitian nationals with criminal convictions that do not render them statutorily ineligible for TPS. However, any individuals subject to mandatory detention under INA § 236(c) for having committed but not convicted of certain offenses should not be released pursuant to this guidance. Additionally, cases described in INA §§ 212(a)(3) and 237 (a)(4) shall not be released under this guidance.

The review of cases of all Haitian nationals in custody shall be completed within two weeks. DRO and the Office of Chief Counsel (OCC) must work together to assess whether Haitian nationals in custody are statutorily eligible for TPS and for release. In the event logistical impediments prevent the removal of detained Haitians who are not eligible for TPS, the field will receive additional guidance.

This policy and statement of priorities and the decisions made as a result are not intended to, do not, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law by any party in any administrative, civil, or criminal matter.

II. Detention and Removal of Haitian Nationals who Arrive in the United States after January 12, 2010

ICE will detain and pursue the removal of any Haitian nationals who arrive in the United States after January 12, 2010, without lawful authority to enter or remain in the United States.

III. Detention and Removal of Haitian Nationals Ineligible for TPS

ICE will continue to detain and remove Haitian nationals who are ineligible for TPS—recognizing the need to work closely with the Government of Haiti and likelihood of logistical impediments in the near term. If these impediments remain, additional guidance will be issued. DRO and OCC must work closely together on all post-order custody reviews.
