Alien Registration Requirement

On Jan. 20, 2025, President Trump issued the [Protecting the American People Against Invasion](#) executive order which directed the Department of Homeland Security to ensure that aliens comply with their duty to register with the government under section 262 of the Immigration and Nationality Act (INA) (8 U.S.C. 1302), and ensure that failure to comply is treated as a civil and criminal enforcement priority.

The INA requires that, with limited exceptions, **all aliens 14 years of age or older who were not fingerprinted or registered when applying for a U.S. visa and who remain in the United States for 30 days or longer**, must apply for registration and fingerprinting. Similarly, parents and guardians must ensure that their children below the age of 14 are registered. Within 30 days of reaching his or her 14th birthday, the previously registered alien child must apply for re-registration and to be fingerprinted.

Once an alien has registered and appeared for fingerprinting (unless waived), DHS will issue evidence of registration, which aliens over the age of 18 must carry and keep in their possession at all times.

It is the legal obligation of all unregistered aliens (or previously registered children who turn 14 years old) in the United States to comply with these requirements. Failure to comply will result in criminal and civil penalties, up to and including misdemeanor prosecution and the payment of fines.

Most aliens in the United States have already registered, as required by law. However, a significant number of aliens present in the United States have had no direct way in which to register and meet their obligation under INA 262. In order that unregistered aliens may comply with their duty under INA 262, USCIS is establishing a new form and process by which they may register. No alien will have an excuse for failure to comply with this law.

Registration is not an immigration status, and registration documentation does not establish employment authorization or any other right or benefit under the INA or any other U.S. law.

American Indians born in Canada who entered the United States under section 289 of the INA, and members of the Texas Band of Kickapoo Indians who entered the United States under the Texas Band of Kickapoo Act, are not required to register.

Who has already registered?

Anyone who has been issued one of the documents designated as evidence of registration under 8 CFR 264.1(b) has registered. Also, anyone who submitted one of the forms designated at 8 CFR 264.1(a) and provided fingerprints (unless waived) and was not issued one of the pieces of evidence designated at 8 CFR 264.1(b), complied with the registration requirement of INA 262. Aliens who have already registered include:

- Lawful permanent residents;
- Aliens paroled into the United States under INA 212(d)(5), even if the period of parole has expired;
- Aliens admitted to the United States as nonimmigrants who were issued Form I-94 electronic), even if the period of admission has expired;

How to register

DHS will soon announce a form and process for aliens to complete the registration requirement. Beginning Feb. 25, 2025, aliens required to register should create a [USCIS online account](#) in preparation for the registration process. See our [How to Create a USCIS Online Account](#) page for more information. Once the registration process is implemented, aliens will submit their registration, and parents and guardians will submit registration applications on behalf of their children under 14, through their USCIS online account.

We will update this webpage to provide additional information in the coming days.
