THE UNITED STATES

The Immigration Court Helpdesk (ICH) is a program available to non-detained respondents in five immigration courts. It is intended to be a live resource for aliens seeking general information for whom attending a scheduled orientation is not an option due to lack of knowledge, timing, or other factors. The services rendered at the ICH are not a substitute for legal advice.

EOIR's Immigration Court Online Resource ([ICOR](#)) is a web-based and mobile friendly tool that provides respondents, appellants, practitioners, and other interested parties with a centralized location for resources pertaining to immigration proceedings before EOIR.

ICOR is available in English, Haitian Creole (Kreyòl Ayisyen), Chinese (中文), Portuguese (Português), Punjabi (ਪੰਜਾਬੀ), and Spanish (Español).

Shareable and printable flyers highlighting the capabilities of ICOR can be found for each of ICOR's languages at the following links:
