SUBJECT: NAFTA Admissibility Reference Guide

The Office of Field operations has developed an admissibility processing guide for the TN and L class of admission to establish uniformity and processing consistency for Customs and Border Protection (CBP) officers at ports of entry. The processing guide is intended to serve as a reference material to assist CBP officers processing applicants for admission under the North American Free Trade Agreement (NAFTA).

The guide is an added inspectional tool aimed at clarifying TN and L procedures. Thus, CBP officers assigned to secondary are encouraged to become familiar with the processing guide to process TN and L applicants according to NAFTA regulations.

Please ensure that this memorandum and processing guide are disseminated to all ports of entry within your jurisdiction.
