Second Random Selection from Previously Submitted Registrations Complete for FY 2024 H-1B Cap

Release Date : 07/31/2023

USCIS [recently announced](#) that we would need to select additional registrations to reach the FY 2024 H-1B numerical allocations. We now have randomly selected, from the remaining FY 2024 registrations properly submitted, a sufficient number of registrations projected as needed to reach the cap, and have notified all prospective petitioners with selected registrations from this round of selection that they are eligible to file an H-1B cap-subject petition for the beneficiary named in the applicable selected registration.

Only petitioners with selected registrations may file H-1B cap-subject petitions for FY 2024, and only for the beneficiary named in the applicable selected registration notice.

An H-1B cap-subject petition must be properly filed at the correct service center and within the filing period indicated on the relevant registration selection notice. The period for filing the H-1B cap-subject petition will be at least 90 days. Online filing is not available for H-1B petitions, so petitioners filing H-1B petitions must do so by paper. Petitioners must include a printed copy of the applicable registration selection notice with the FY 2024 H-1B cap-subject petition.

Registration selection only pertains to eligibility to file an H-1B cap-subject petition. Petitioners filing H-1B cap-subject petitions, including those petitions eligible for the advanced degree exemption, must still establish eligibility for petition approval based on existing statutory and regulatory requirements.
