streamlining the process to deliver legal immigration benefits, increasing our transparency and openness with the public, strengthening the cybersecurity of public and private sector partners, and much more.

The assessment of our customer experience and service delivery mechanisms will include, but need not be limited to, the following:

1. Recommendations for how to better design the Department's delivery of services to meet customer and community needs, including by (a) leveraging technology and other innovations to reduce burdens on the public, and (b) increasing the adoption of best practices to maximize efficiency and improve the customer experience across relevant mission areas;

2. Recommendations for how the Department can measure customer experience and service delivery effectiveness, establish targets for improvement, and ensure that our programs, policies, and operations improve equity and protect privacy, civil rights, and civil liberties; and,

3. Recommendations for how the Department can better exchange with the private sector the knowledge, talent, and best practices around customer experience and service delivery, such as through executives-in-residence and public sector leave programs.
