

The Northern Mariana Islands U.S. Workforce Act of 2018 provides that the Department shall make available to employers an occupational wage survey conducted by the Governor of Commonwealth of the Northern Mariana Islands (CNMI), and in the absence of an approved occupational wage survey, the Occupational Employment Statistics (OES) mean wage for the particular SOC in Guam will be considered the prevailing wage. Where there is no Guam OES mean wage, the prevailing wage issued will be the national mean wage adjusted for purposes of the CW-1 program.

The Office of Foreign Labor Certification (OFLC) received a CW-1 wage survey from the Governor of the CNMI covering 84 occupations. OFLC has approved the Governor's survey and began issuing CW-1 prevailing wage determinations using the survey wages for occupations covered by the Governor's survey on May 9, 2019.

For information on the prevailing wage determination process, please refer to the CNMI PWD Filing Tips located under the Prevailing Wage Information tab.
