USCIS Reaches Fiscal Year 2025 H-1B Cap

Release Date : 12/02/2024

USCIS has received enough petitions to reach the congressionally mandated 65,000 H-1B visa regular cap and the 20,000 H-1B visa U.S. advanced degree exemption, known as the master's cap, for fiscal year (FY) 2025.

We will send non-selection notices to registrants through their online accounts over the next few days. When we finish sending these non-selection notifications, the status for properly submitted registrations that we did not select for the FY 2025 H-1B numerical allocations will show:

- Not Selected: Not selected – not eligible to file an H-1B cap petition based on this registration.

We will continue to accept and process petitions that are otherwise exempt from the cap. Petitions filed for current H-1B workers who have been counted previously against the cap, and who still retain their cap number, are exempt from the FY 2025 H-1B cap. We will continue to accept and process petitions filed to:

- Extend the amount of time a current H-1B worker may remain in the United States;
- Change the terms of employment for current H-1B workers;
- Allow current H-1B workers to change employers; and
- Allow current H-1B workers to work concurrently in additional H-1B positions.

U.S. businesses use [the H-1B program](#) to employ foreign workers in specialty occupations. We encourage H-1B petitioners to subscribe to receive H-1B cap season email updates by visiting the [H-1B Cap Season](#) page.
